STRATEGOS PLATFORM LIFT

Strategos Platform Lift

The 'Strategos' disabled access platform lift provides an ideal solution where the required lift travel height is between 500mm and 1999mm. The Strategos is a unique 'open aspect' platform system specifically designed for both internal and external locations.

Its substantial and rugged construction is hot galvanised steel as standard or can be powder coated giving a colour choice at extra cost. If the Strategos is not exactly what you desire, please give us a call as we may have other solutions!
